

**INDIA LITERACY PROJECT
ANNUAL REPORT**

2017-18

FOREWORD BY CHAIRMAN

We have great pleasure in sharing the Annual Report of ILP for the year 2017-18.

The biggest challenge facing India's Schooling system today is to ensure that every child has equal opportunities for schooling, and equitable learning. The Government of India has laid the foundation to treat school education holistically from pre-school to Grade 12. Samagra Shiksha Abhiyan was created to merge three previously separate schemes viz., Sarva Siksha Abhiyan, RMSA and Teacher Education. The Government has also initiated National Career Services program to bring students closer to employment opportunities. Overall, the Government is strengthening the foundation to move young India towards higher socioeconomic mobility.

ILP has taken a holistic approach to designing, incubating, scaling and supporting programs from preschool to Grade 12, as well that lead to employability. For over two decades, ILP has closely aligned with the Government programs to maximize impact.

More recently, ILP streamlined pre-school education in 158 villages in Kalaburagi district, Karnataka. Based on our results, the Government chose ILP to train teachers in all 3,100 preschools in the district. ILP has also been supporting 18 primary school teachers in Vizianagaram, Andhra Pradesh to use an innovative Activity-Based Teaching/Learning methodology, and this program has now been recommended by the Tribal Department to be implemented in over 2,000 schools. For children in middle and high schools, ILP's Multi-Dimensional Learning Space (MDLS) program is providing a learning-rich environment that has improved their learning outcomes by 50%. This program is now being expanded through partnerships with Government and other non-profit organizations. For high school students, ILP has created a well-researched career counseling program, and is also providing scholarships to deserving students to create role models in their communities. Our counseling programs are currently reaching more than 50,000 students.

At ILP, we are aware that it is impossible for any organization to positively impact 25 Lakh Government preschools and schools in India, by working alone. Any solution towards improving our country's school education is realizable one by working with other non-profit and for-profit organizations, the Government and individuals like you. Our efforts to open source all our resources, our learning and our experience is a step towards this goal.

To each and every one of you, a sincere THANK YOU from Team ILP for continuing to believe in us, year after year and for enabling us to contribute towards this goal.

Manmohan Jain, Chairman India Literacy Project

Story – 2017-18

MULTI-DIMENSIONAL LEARNING SPACE BANGALORE CHAPTER

**2017-18
Annual Report**

The concept of Schools as multi-dimensional learning spaces is based on the foundation that

Equal importance should be given to all aspects of the curriculum

One learning style doesn't work for all. Learning should involve visual, auditory and experiential methods

Learning is a continuous process

The Key Components of MDLS are:

1. A smart/experiential classroom

A classroom with laptop/Projector and speakers with lesson plans for math, science and social science in Microsoft power-point format.

Lesson plan contains chapter specific slides with pictures, text, videos, activities and Q & A

Grades covered 5th to 10th Std.

Sample lessons:

<https://drive.google.com/open?id=1lavDAupVOj8WU73Nn6VUdDtf-uU5c08O>

2. Low cost Science and Math lab

- Science Kit based on low cost material available for 5th to 10th grade. The kit has components to do more than 150+ experiments mapped to syllabus costing less than Rs.2000 per kit
- Math kit – Work is in progress and will be ready for academic year 2018-19

<https://drive.google.com/open?id=18Vok0glRoBukfaQwDiUDW98in9nVW9BB>

3. Google Earth based content for Social Science

- History and Geography lesson plans built using Google earth platform
- Completed 7th to 10th grade for Tamil Nadu syllabus
- Work is in progress for grades 5th to 10th for Karnataka, Telangana and Andhra Pradesh Syllabus

Example: <https://earth.app.goo.gl/GzmEK>.

4. Improve reading levels through a unique library program

Improving existing school libraries by colour coding books and grading based on reading levels of the children

We have created a Library kit list based on child friendly books in English, Kannada, Tamil and Telugu for augmenting school libraries

5. Teacher training, regular follow up and supporting infrastructure to enable teachers

Train teachers on alternate methods of teaching (Visual and Experiential)

Motivators do regular follow up training with teachers and support to help them further understand how to use the teaching tools of MDLS

6. Career exposure and counselling

Conduct career exposure sessions for 9th and 10th grade

Equip all school libraries with career book

Career counselling after completion of 10th standard exam along with student's parents

Career book : <https://www.slideshare.net/secret/wEgCqgNiMgZTtH>

STAFF CAPACITY BUILDING

- **Exposure visit to Hampi** – Part of exposure visit, we visited Hampi to study architecture, Monuments & history of Vijaynagara Kingdom on 1st and 2nd July 2017.
- **Communication Skills Workshop** on 14th & 15th of Dec 2017 by Department of English, CHRIST (Deemed to be University)
- Regular Inputs: Every Saturday we meet and share field experiences & activities plan for next one week. Continually we provide required inputs and guidance.

PAINTING COMPETITION

This year's painting competition - **more than 12,000 Student participated** from 193 schools across Gubbi and Pavagada.

Based on the first round, around 100 children were shortlisted for Taluk level competition.

Top 15 paintings from each category were given prizes.

More than 200 teachers **helped in organizing** event and there was encouraging endorsement from the State Education Department.

An event of this scale was conducted at a cost of just INR 7 per participating child, which included the costs for art supplies, material and prizes.

WORKSHOP ON HERITAGE EDUCATION FOR SCHOOL TEACHERS BY INTACH

On 25 – 26 April, 2017 at Vidyanikethan School @ Tumakuru

Heritage workshop was very successful with the participation of over 40 teachers + 12 motivators from ILP. The two day event was very well conducted by the INTACH team Ms. Purnima Dutta, Director of HECS (Heritage education and community service) INTACH New Delhi and Dr. Suresh, convener of Tamilnadu chapter of INTACH.

In the first session Ms. Purnima, through appropriate slide show spoke about the importance of heritage and introduced the four main themes.. Living, built, material, and natural components of heritage.

In the afternoon the participants were taken to a historical temple as part of field visit. This is in Kaidala , a small hamlet which house two temples dating back to 11 century. At the site Dr. Suresh explained the parts of a temple and about its architecture. It was a very enriching experience.

Then Dr. Suresh explained about local heritage showing slides of Badami, Pattadakal and Hampi.

Ms. Purnima then explained how and why of a heritage club in schools and how INTACH would support any school wishing to start one. She also spoke about the newsletter and urged the teachers and students to make contributions to it .

The next session was activity based where participants were divided into 5 teams and were asked to choose a heritage theme and show how they would involve children in it.

It was a highly energetic time when the whole auditorium came alive with each team wanting to do their best.

Heritage Quiz for Children: Organized heritage quiz program on 22nd July, 2017 at Gubbi Centre

Participated 32 children groups from 16 schools, Quiz have been held in two stages-a written quiz consisting of questions relating to History, Art and Culture of India.

The four teams who score the highest marks in this written Quiz have been invited to the second level of the city-level Quiz, One winning team selected for city level and participated in Bangalore Heritage quiz program on 25th July 2017.

In Collaboration with: Gubbi Block Education Administration, Gubbi & Pavagada Taluk

There was overwhelming response and each school showcased their learning in different ways.

It was heartening to see the depiction of time line , hand drawn maps(on charts and as Rangoli), fancy dress, seminars, models to explain monuments , exhibition of things used in the past, and innumerable charts speaking about the people and events who have changed the course of our past. It was a pleasure to hear teachers say..."we didn't know that such an expo was possible. We shall do this every year. All the materials prepared can be used as teaching aids!" It was also true that teachers were never shy of visitors being critical and welcomed questions .This opened a dialogue of how and why of events and occurrences which enriched the listeners. That a stage has been set to take the domain of social science to its practical and logical use has been rightly established. ([please see the poster of s sc expo and the why of it](#))

SCIENCE EXHIBITION: 195 SCHOOLS, 12500+ CHILDREN, 750+ TEACHERS, ONE EVENT

This year, we changed the event theme from Science competition day to Science experiments week!

The goal was to get every child to participate and demonstrate at least one concept through experiments to their school mates and teachers without the pressure of competing and judging.

140/195 schools participated. The whole event was conducted with no cost from ILP. This was because the event was wholeheartedly conducted by school teachers using the material already available in the school or using the kit provided by ILP

55 high schools organized science event on their own.

TRAINING ON ASSEMBLY AND USE OF FOLDSCOPE AT GHPS BILIGERE — 23RD FEB 2018 BY DR. JIM CYBULSKI

Jim is the co-inventor of Foldscope, CEO of Fold scope Instruments, Prakash labs.

Training conducted for 40 students 4 teachers/mentors at GHPS Biligere school, Tumakuru.

WORKING WITH DEPARTMENT

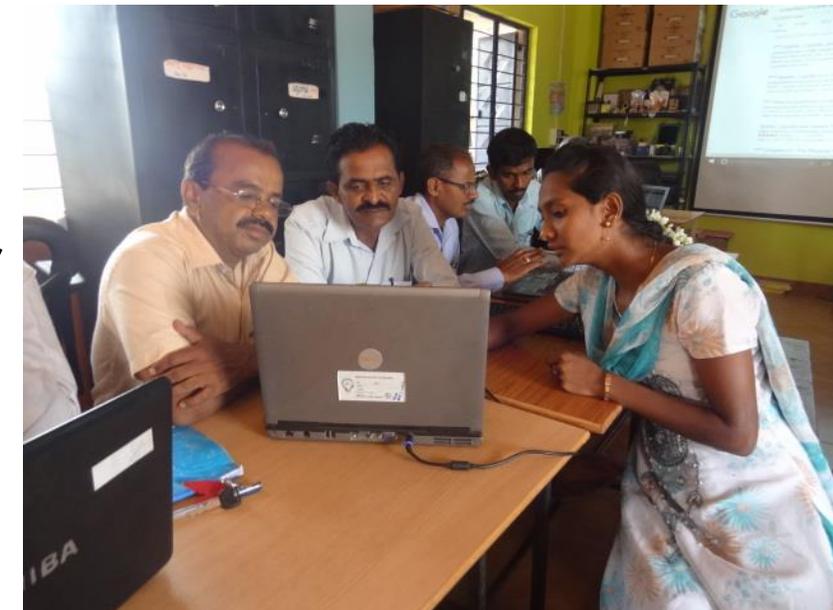

Computer Training for CRP's and BRP's on may 24th & 25th 2017, by Deepak Shivamurthy, In two day workshop 17 CRP's and BRP's participated and trained on basic computer like Typing, word, excel, ppt & internet browsing.

Sharing Meeting on 5th Feb 2018 @ MDLS Centre

Organized meeting with all the monitoring team from education department. Mr. Ravichandra, BEO, Mr. Siddalingaswamy, BRC, BRP's, CRP's & ILP team participated in this sharing meeting.

Discussed about MDLS implementation, teachers support & infrastructure issues.

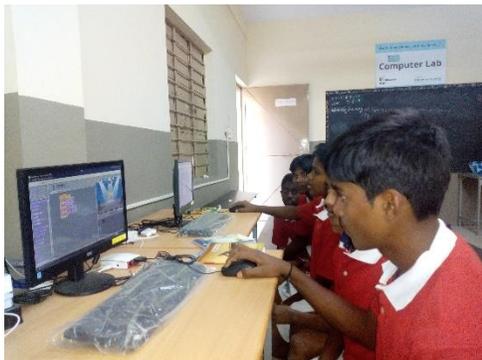

COMPUTER PROGRAMMING: SCRATCH

Computer labs in 8 schools were revamped using Raspberry Pi and existing monitors.

Two Motivator conducted courses on Basics of Computers and Computational Thinking for children in Grade 6 to 9.

During the weekdays, children worked on their own and completed assignments provided.

It was exciting to see the children's confidence improve as they learnt how to use the system and slowly, how to code. They did not want the class to end as it was "too much fun".

CAREER COUNSELING

Every year, we conduct a 2- phase career counseling sessions.

In the 1st phase, a 2-hour career exposure session is conducted in all high schools and in the 2nd phase, a post-results one-on-one career counseling session is conducted, to which interested students attended along with their parents.

This academic year we covered 63 high schools impacting 5000+ children.

One to one counseling on 9th & 10th of May, 70+ students came for career counseling with their parents.

SUMMER CAMP

This year's summer camp was conducted in two schools at Gubbi (Appannanahalli & Anthapura)

Total of 250+ children participated in the camp for 6 days.

Activities conducted included Theatre and Art- skit, drama & street play, Music, Pottery Workshop, Our Local Historical Journey to Hagalawadi (Heritage), Agricultural Awareness. Field Visit, Expert Talk on Waste Management, Local Games and Cultural Events.

This year teachers from various schools participated in the summer camp along with the students.

VISITORS

CA Volunteer Activity on 30th Aug 2017

This year with the help of CA Technologies we have setup computer labs in 3 schools.

18 volunteers from CA came and conducted computer activity in GHPS Banglowpalya & GHPS Hosahalli.

On 28th of Feb, 2018 – Mr. Amit and team from IIT-B visited few schools to see the impacts

On 10th of Aug, 2017 – Mr. Diwakar and team from Ellucian visited few schools at Gubbi

GOOGLE TEAM ACTIVITY – JUNE 30TH 2017

Teach Science and English to primary school children

Activity 1: Teach science concepts using experiments and videos. ILP has developed science kits that will be used for this activity. List of concept and reference material will be shared with the volunteers to allow them to prepare for this activity

Activity 2: Spend the day helping children learn English. We will have a goal of teaching 15 commonly used sentences in the day.

5 volunteers came from google and conducted activities in GGJC

TESTIMONIALS

“I have personally experienced positive impact on children’s learning outcomes. The events at school conducted by ILP not only impacted their understanding of concepts but also improved their perception. The activities of preparing projects by children on Social Sciences, Science and Languages are not aimed only for exams, but will help in continuous learning at later stage”.

Sri K G Raghuchandra, Block Education Officer, Gubbi Taluk, Tumakuru Distirct, Karnataka.

“After ILP's entry into our school, the enthusiasm among children and teachers has increased. We were conducting one experiment for a week and were not sure of which experiment and were repeating the same experiments. Now children use Laptop and watch videos and conduct new experiments every other day. Even the slow learners have shown improvement and interest to learn and have prepared science models in the class”.

Lathamani K. S. Teacher, GHPS, Lingamanahalli, Gubbi Taluk

Teachers use the tool for students to experience first-hand the history and culture of our land.

History classes become a voyage of discovery with 3D views

Google Earth Voyager's pilot project rolled out in 15 schools across Karnataka and Tamil Nadu

It takes a special knack to bring history to life from boring textbooks with flat 2-dimensional photographs. In schools, teachers often rely on visual aids and videos to grab the attention of students. Some classes, though, are travelling back in time using Google Earth Voyager, which allows children to explore empires and monuments in 3D.

Since its development in May 2017, classrooms all over the world have started using Google Earth's Voyager tool to delve into the past.

At Government Higher Primary School, Anthapura, Gubbi taluk, Tumakuru, the technology is being used to teach children about the Vijayanagar empire, which dates back to 1336 AD.

Social science teacher, Chandrakala R., has never seen students so eager for a history lesson. "I used the tool to teach my class 7 students, who were able to experience first-hand the history and culture of the people who lived at the time. We got 3D views of the Virupaksha temple and the Stone Chariot in the Vittala temple complex," she said.

This feature was developed after India Literacy Project, a non-governmental organisation, approached Google Earth to build interactive content for the Social Sciences component of their Multi-Dimensional Learning Space project that aims to make children explore, experiment, discover and learn in a variety of ways.

The stories developed through this initiative, focus on historical sites, kingdom and rivers, and are aligned with the school curriculum of four States: Karnataka, Tamil Nadu, Telangana, and Andhra Pradesh.

A pilot project has been rolled out in 15 schools across Karnataka and Tamil Nadu.

The Indian Literacy Project has also conducted an orientation with 400 teachers. The pilot was for four chapters as part of the class 7 curriculum.

By the next academic year, they plan to reach out to 2,000 schools and 5 lakh children in the four States.

The stories are storyboarded using Google Sheets, which consists of all text and links to maps and other interactive content.

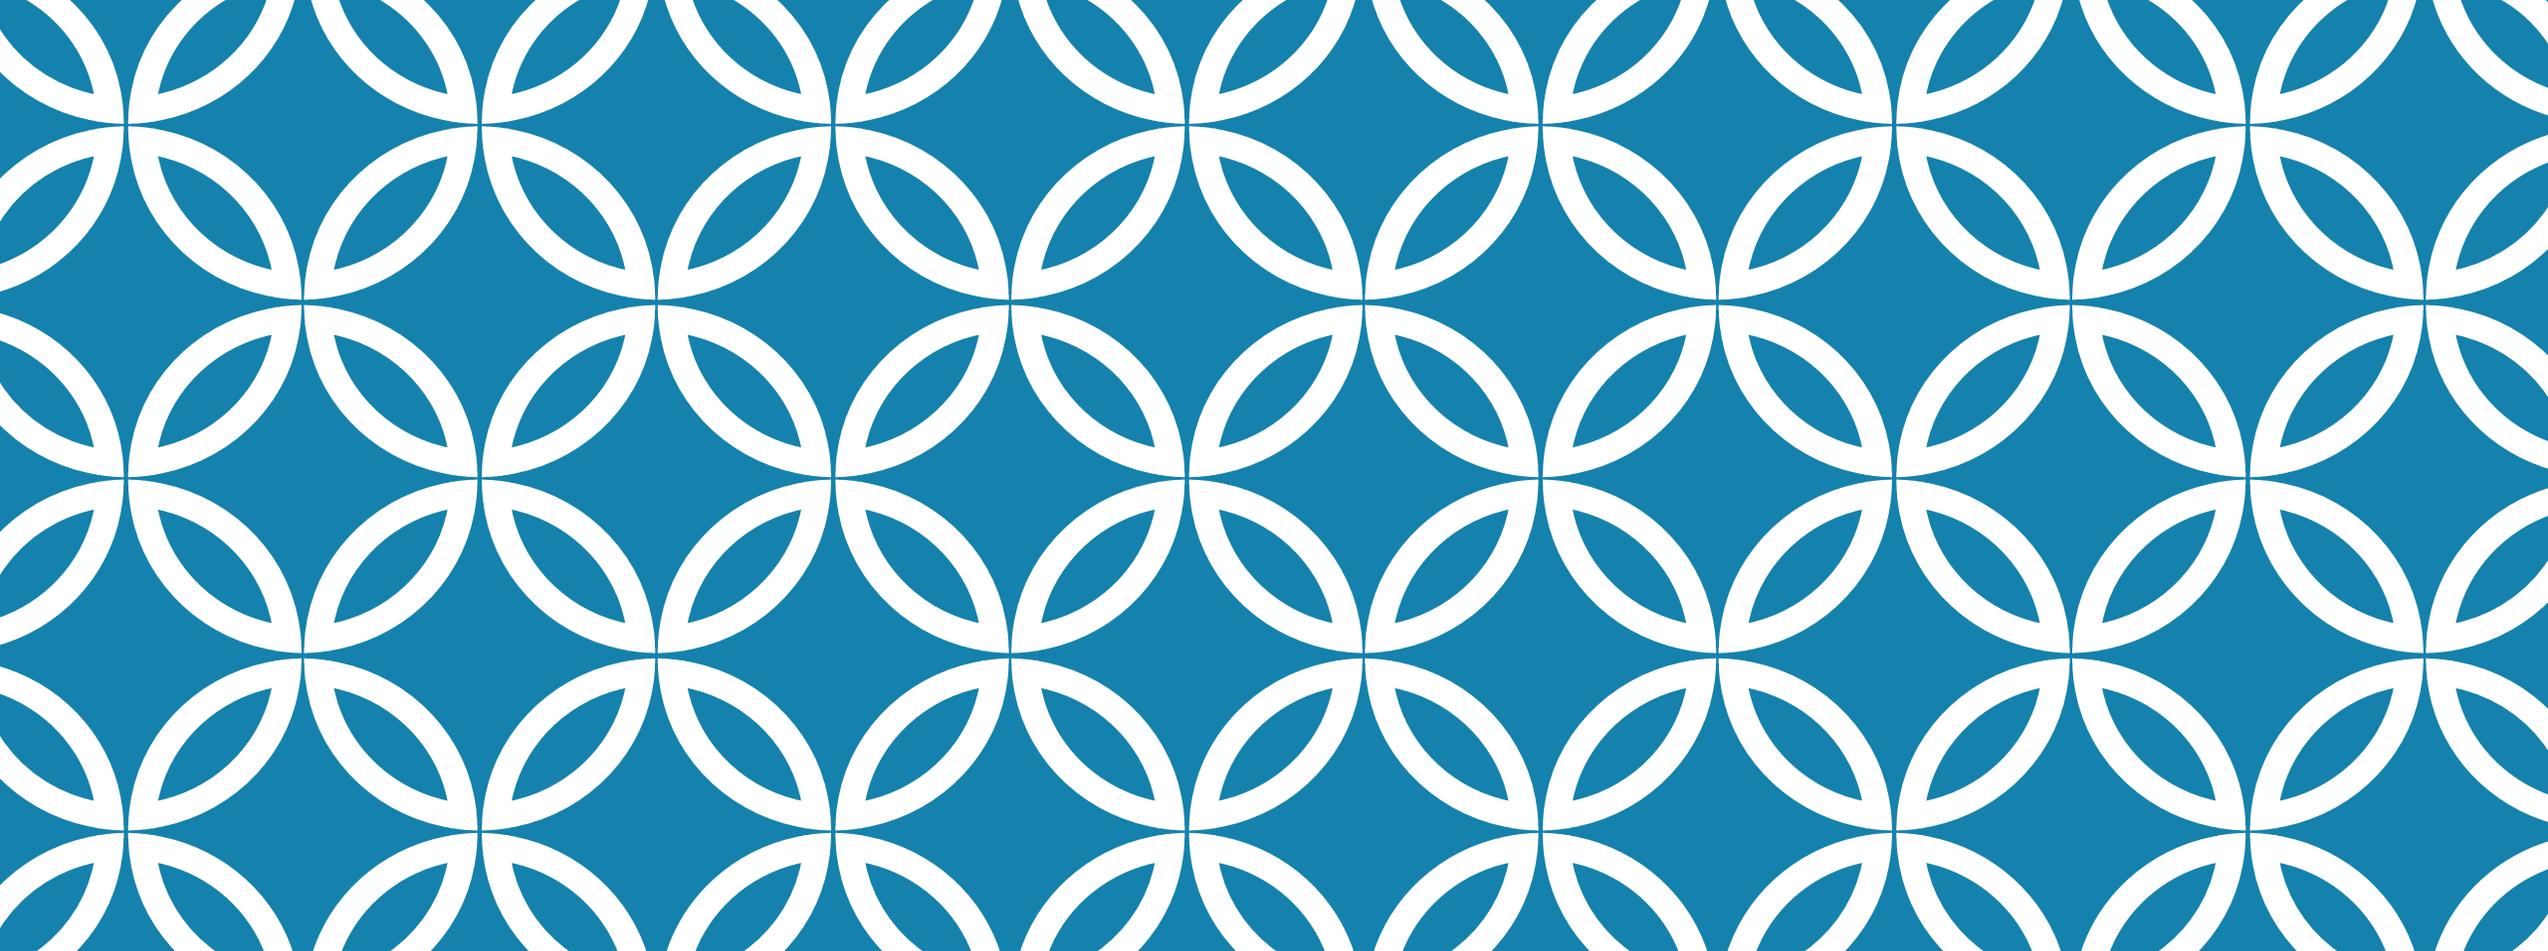

Pramod Sridharamurthy, Secretary, Board of Trustees (India), ILP said the idea was to give students an expansive view of different places and encourage exploration learning in the classroom.

“Many rural children may not get to travel, and may never get to see some of the monuments. All they would normally see are stamp-sized pictures in textbooks. With the Google tools, children can experience things almost as if they were really there,” he said.

Emily Henderson, Google Geo Education Outreach Program Manager, said: “Right now we are looking to see if students are excited about it and if it has helped them get hooked on to the lessons,” she said.

The answer, for now, seems to be ‘yes’. “It’s exciting,” said Renuka Prasad, who took the history lesson with Ms. Chandrakala. “I not only got to see pictures, but also videos of the places we are studying. It almost felt like we were there in that place,” he said.

MULTI-DIMENSIONAL LEARNING SPACE

We have grown leaps and bounds in a year with many more MDLS to be opened soon

There are 24 MDLS Across Tamil Nadu covering around 8,030 children. Few of our MDLS are

- PU Middle school, Anaikattuchery
- PU Middle school, Irandamkattalai
- Govt Boys Hr secondary school, Kamaraj Nagar, Avadi
- Dr. Alagappa Model Hr secondary school, Karaikudi
- Govt Girls Hr secondary School, Poonemallee

SCHOOL LIBRARIES

A library is not a luxury but one of the necessities of life. In the year 2016, We opened 5 libraries. Continuing our journey Dr.T Rajendiran, Chief Education Officer, Tiruvallur dedicated another 12 libraries in the Government Schools in December 2017 at a program at Govt. Boys Higher Secondary School, Avadi. Presently, 34 school libraries are working in TN through ILP partners covering around 10,459 children

Hippo Campus Reading Foundation's methodology of GROW BY Reading has been adopted as a tool for effective use of libraries.

Child friendly books by Tulika, CBT, NBT, Pratham, Eureka books have been procured & color coded as per GROW BY system. An app for accessing MDLS Library has been developed.

Ms.Bhuvaneshwari, of class 8, Govt. Girls High school, Velliyur, has topped in Tamil Essay writing in District level qualifying for the State Level competition. She expressed that ILP/IRCDS Library helped her immensely for the Competition.

GOOGLE EARTH

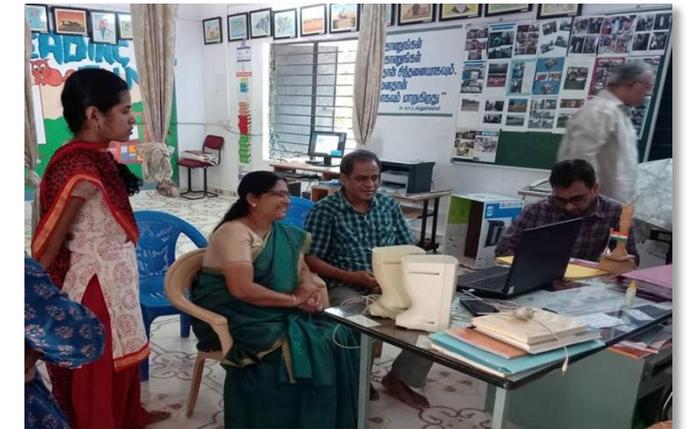

Google Earth is a great visual app to explore the globe and learn at the swipe of our fin Google Earth is a great visual app to explore the globe and learn at the swipe of our finger!

ILP is partnering with Google as content developer for Education track. Social science syllabus is mapped using Google earth.

ILP trained around **400** Social science teachers through Education department in Tiruvallur district.

Google UX researchers (from US and Australia) had interview sessions with many teachers in Chennai for feedback on the tool in the classroom.

Content development have reached completion.

CAREER WORKSHOPS & COUNSELING

Adolescents in High Schools are at crossroads faced by challenges at personal, emotional and career end, influenced by peers and pressured by expectations of parents and schools. ILP steps in at this critical juncture to support and help them take informed decision through the Career Counselling program for students of class 8 -12.

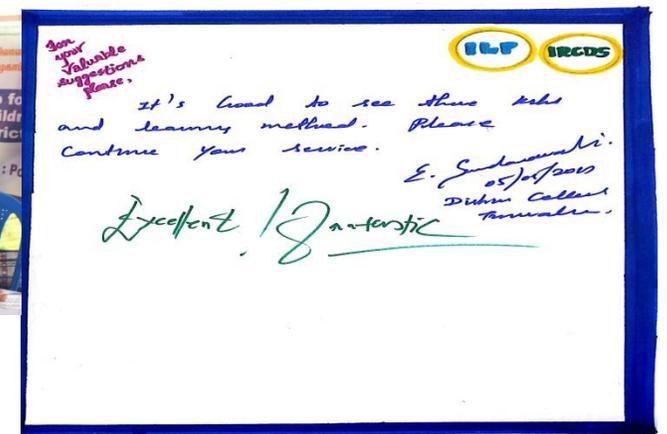

ILP's primary objective of Career counselling is to help students identify their potential and choose a field that is in tune with their capability, aptitude, skills and expectations of professions. Counselling students along with parents wherever possible has had greater impact. Students are now able to make a balanced choice of career rather than joining the rat race out of pressure!

ILP in association with IRCDS conducted career guidance sessions in various schools in Chennai, Kanchipuram and Tiruvallur districts from November 2017 to Jan 2018 covering 4,861 around students.

Information was shared with students on the courses available, fee structure, various entrance exams, deadlines for submitting applications etc.

SUMMER CAMPS

Ms. Sundaravalli, District Collector of Tiruvallur inaugurated the Summer camp at Vayalanallur village and deeply appreciated the tremendous work done by ILP in reaching out to migrant children during summer holidays. A total of **644** children enjoyed new and exciting experiences through these camps.

ILP, in partnership with IRCDS, SSA of Education department and DCPU of the Department of Women and Child Development conducted summer camps for children of migrant brick kiln workers, from 3rd to 8th standard. These camps were organized with the following main objectives:

- Engage migrant children during summer holidays to prevent them from reentering labour force
- Motivate children for schooling and academics
- Create a platform for the children to participate, interact, share, develop and showcase their talents

ILP Chennai Youth Chapter volunteers look forward to this annual event with great enthusiasm and this year was no exception!

Together with Teachers from SSA ILP conducted 5 summer camps from 3rd to 9th May 2017, at Thirumanam, Vayalanallur, Veppampattu, Annanagar, Poochiathipedu and Magaral villages for the benefit of children from migrant families working in brick kilns.

SCHOLARSHIPS

ILP's Scholarship program, started in 2014-15 provide opportunities to academically well performing students of socio- economically affected background to pursue higher education of their choice. In partnership with IRCDS, VRDP, ARCOD & HOPE presently 188 students are covered under this program. Counselling and Mentoring are two important interventions to support students further. Review meetings were conducted with the scholarship students at Tirunelveli, Tiruvallur and Krishnagiri to find out the academic progress, understand other needs, and soft skill requirements to equip them with required skill sets. Total money disbursed as scholarship is around **Rs.XXXXXX**

Statistics on Scholarship student data across our partners

SCIENCE KIT

Ms. Mahathi Parasuram and Ms. Sandhya Aishwarya of Grundfos participated in the distribution of science kits to four schools as part of ILP-MDLS and Grundfos CSR activity. Children in these four schools now have more fun in learning science through experiments. Also, 166 science kits were delivered to schools through Partners in TN.

SCIENCE EXHIBITION

National Science Day was celebrated by India Literacy Project Multi Dimensional Learning Space - MDLS Arcod Rayakottai by conducting Science exhibition at Panchayat Union Primary school, Pudur in Krishnagiri district

STUDY PROGRAMS

Academic Performance Study In Tiruvallur District

On the request of the CEO of Tiruvallur District ILP facilitated detailed study in 14 Govt. High School and Higher Secondary Schools to understand factors that impact results of students of class X and XII in public exams. Reasons for lower performance, best practices in some of the schools and recommendations for changes at state, district and school levels have been shared in the report. The study covered HM, Teachers, students, parents, students who failed the exams, SMC members among others.

Support of Teachers in Government schools

The Study conducted by ILP revealed that most of the students fail due to vacancies of subject teachers. At the request of CEO, ILP extended support for six Para teachers, whose primary tasks were conducting revision exams and track students' performance periodically. This will help in improvement of academic performance of children leading to increase in overall pass percentage in +2 results.

MHRD SSA Study in Tiruvallur district

ILP & IRCDS teams also participated in a study on behalf of Datamation and Vidyadaan Trust on the working of SSA for MHRD. This is a third party evaluation on SSA's performance. The study was taken up in 25 schools, 5 schools each in 5 blocks of Tiruvallur district. It involved interaction with students, parents, teachers, SMC members, officials of SSA including BRP, BRC, CRC and APOs. The findings were shared with MHRD.

PAINTING COMPETITION

This year's painting competition was held in all MDLS operating schools.

The themes were

1. Class 7,8 -Science and Information Exchanges
2. Class 5,6 -Cleanliness in my School and My village

The teachers in the school helped organizing event.
Around XXXXX students participated in this competition

Best 3 paintings were given prizes in each school.

MENSTRUAL HYGIENE SESSION

The Menstrual Hygiene Session was conducted by ILP partner NGO Hope to address the challenges and hardships many women and girls face during their menstruation and highlight the positive and innovative solutions that should be taken to address these challenges. It was conducted in Government Higher Secondary Schools in Cuddalore district

Female children coverage – 2,917

Dinamalar news article on Scholarship review meeting at Tiruvallur dated Jan 2018.

HYDERABAD CHAPTER

2017-18

SUMMARY FOR 2017-18

ILP Hyderabad chapter completed 11 years in 2017, more than doubling its reach of the last academic year at 15, 938 students. The impact through the various projects are mentioned in the table.

Highlights:

MDLS centers in Telangana are now serving 23 schools in Shankarpalli mandal and 20 in Rajendra Nagar Mandal of Rangareddy District, respectively.

12 Mobile Library vans cater to 72 schools and over 7000 children.

Career Counseling carried out in 49 schools benefitted over 5385 students.

Scaled up summer camps from 4 schools to 6 schools.

Teacher Training through workshops and Tele-Mentoring. Covered 54 teachers in Telangana

Project	No. Of children covered
Pustakam Project	500
In-school library project	500
Mobile library Project - 1	302
Mobile library Project - 2	284
Digital classrooms	87
Scholarship	30
Summer Camp	1018
MDLS	7832
Career counseling	5385
Total	15938

OVERALL PROGRESS TILL DATE

11 years of Pustakam project covered more than 10500 children across 12 schools. Pre & Post academic year assessment 2017-18 showed significant improvement in English language skills in students who attended the Pustakam sessions by ILP.

We have set up 14 in-school libraries in last 3 years. 8 of these are being run successfully by school staff.

After the successful implementation of two Mobile libraries, we now run 12 vans, catering to 72 schools and over 7000 students, with a repository of over 20,000 books for them. We also equipped some of the library vans with Kindle and low cost 3G/4G tablets for children to access the educational content online. In assessments of past 3 years, over 60% children improved their reading skills by one level or more with the help of the mobile library.

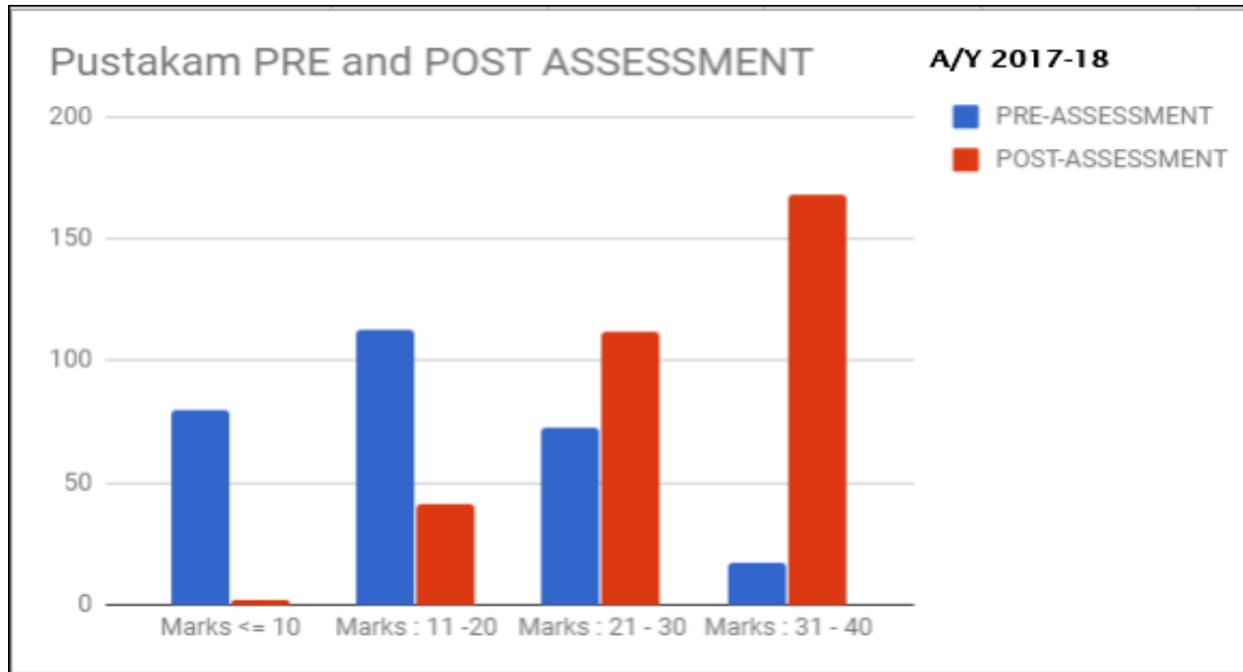

Scaled the MDLS project to 43 schools in . The project is applauded by teachers across the mandal as it accelerated children's learning and grasping ability with the help of the various teaching aids.

Scholarship support for higher studies of more than 150 students across Telangana in partnership with other NGOs in the state.

Summer camp conducted every year for past 10 years benefitting over 8000 children thus far.

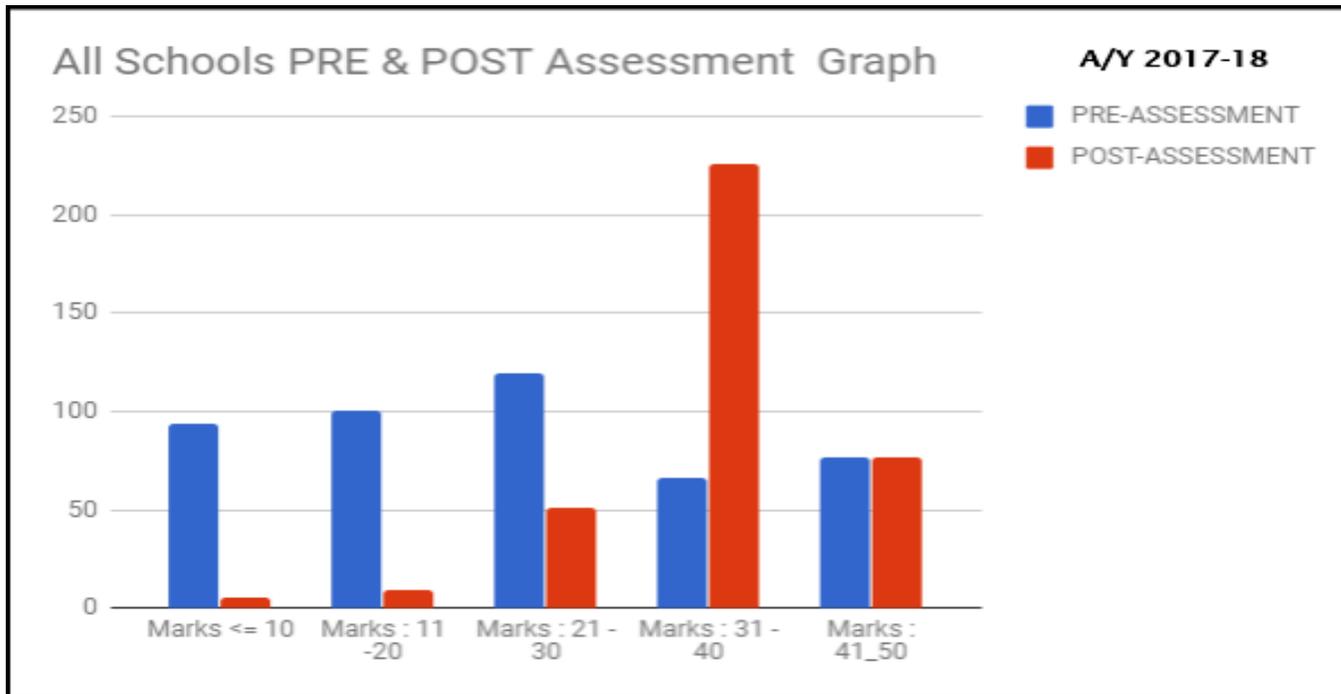

PUSTAKAM PROJECT

11 years of Pustakam project has covered more than 10500 children across 12 schools. Pre & Post academic year assessment 2017-18 showed significant improvement in English language skills in students who attended the Pustakam sessions by ILP.

MULTI DIMENSIONAL LEARNING SPACE

The MDLS project is now operational in 43 schools in 2 mandals. The MDLS project is applauded by teachers across the mandals as it has accelerated the children's learning and grasping abilities, with the help of the various teaching aids.

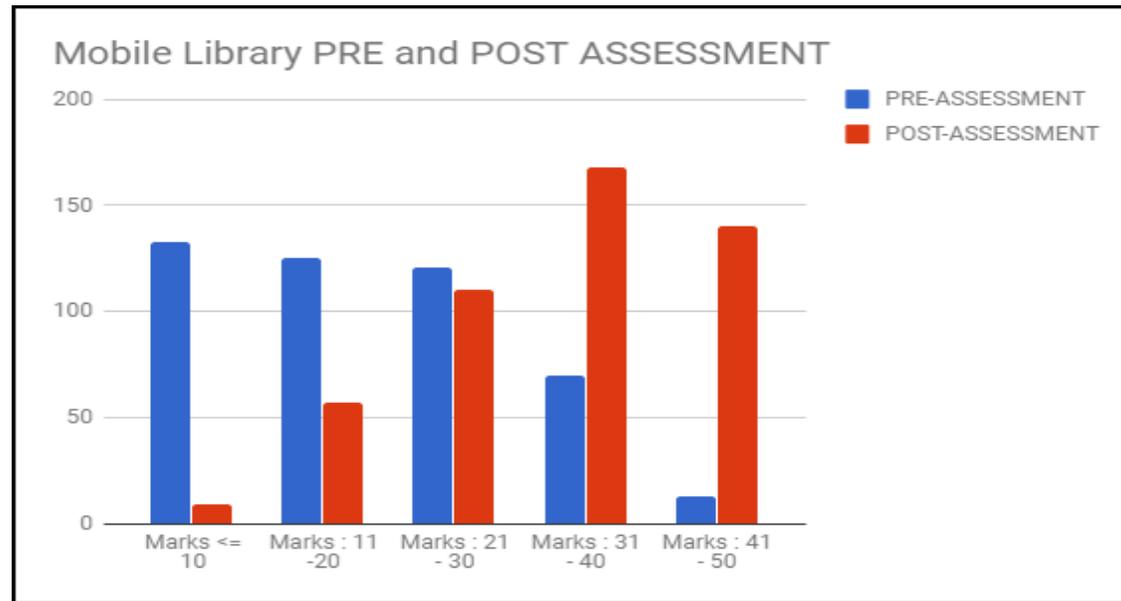

CAREER COUNSELING

Covered 4560 students through a three phase guidance and counseling program spanning 49 schools across 3 mandals in Telangana state.

Mandal	No of students Phase 1	No of students Phase 2	No of students Phase 3	Scholarships
Nampally & Khairatabad	2561	1961	327	70
Shankarpally	1267	1100	-	
Rajendra Nagar	1557	1487	-	
TOTAL	5385	4548	327	70

MOBILE LIBRARIES

After the successful implementation of two Mobile libraries, we now run 12 vans, catering to 72 schools and over 7000 students, with a repository of over 20,000 books for them. We also equipped some of the library vans with Kindle and low cost 3G/4G tablets for children to access the educational content online. In assessments of past 3 years, over 60% children improved their reading skills by one level or more with the help of the mobile library.

KEY ACTIVITIES IN 2017-18

TEACHER TRAINING - Through day long workshops with expert soft-skills trainers of multinational companies as well as through Tele-Mentoring in collaboration with ECHO India (using the Project ECHOTM model). Covered 50 teachers.

Art Competition - On the occasion of children's day , ILP conducted an Inter school Art Competition across 21 schools to create an interest in art among children. A total of 80 students were shortlisted for the finals, among whom 12 winners were declared.

Science Fair - As a part of the MDLS initiative, a science fair was held in 10 Upper Primary Schools of Shankarpally Mandal. The Science Fair successfully helped to create an awareness about the National Science Day (celebrated on February 28th) among 352 children and kindled a curiosity and interest on hands-on science projects

Summer Camp – Benefitted 1018 students across 6 schools for 15 days, with various actives such as yoga, art & crafts, self defense, basic computer literacy and dance classes. A medical camp was conducted at 2 schools with the help of Robin Hood Army.

చందిప్పలో వైజ్ఞానిక ప్రదర్శన

శంకర్ పల్లి, న్యూస్ టుడే: ఫిబ్రవరి 28న జాతీయ సైన్సు దినోత్సవాన్ని పురస్కరించుకొని చందిప్ప

టీవీ అందజేసిన దాతలతో పాఠశాల విద్యార్థులు

ప్రాథమిక స్థూత పాఠశాలలో శుక్రవారం వైజ్ఞానిక ప్రదర్శన నిర్వహించారు. పాఠశాలలోని 5,6,7 తరగతుల విద్యార్థులు పలు రకాల నమూనాలను ప్రదర్శించారు. ఈ సందర్భంగా ప్రధానోపాధ్యాయులు వెంకటేశ్వర్ రావు మాట్లాడుతూ.. నిత్యజీవితంలో మనం చేసే ప్రతి పనిలో సైన్స్ అంతర్లీనంగా నిక్షిప్తమై ఉంటుందని తెలిపారు. విద్యార్థులు చిన్న పుటి నుంచే సైన్స్ మీద ఆసక్తిగా పెంచుకోవాలన్నారు. పరిశీలన, పరిశోధనను అలవాటుగా మార్చుకుంటే నూతన ఆవిష్కరణలకు అవకాశం ఉంటుందన్నారు. వైజ్ఞానిక ప్రదర్శనను ఇండియా లిటరసీ ప్రాజెక్టు ఆర్గనైజేషన్ హైదరాబాద్ ప్రతినిధులు లలిత, వినయ తిలకించారు. మల్లీ డైమెన్షనల్ లర్నింగ్ సెంట్రల్ భాగంగా పాఠశాలకు టీవీని బహుకరించారు. విద్యార్థులకు వ్యాసరచన, క్వీజ్, వక్రత్వం పోటీలు నిర్వహించి బహుమతులు అందజేశారు. ఉపాధ్యాయులు లక్ష్మీకాంత్ రెడ్డి, సుధాకర్, నాగరాణి, రాజేష్, శిరీష, శంకరయ్య, ఆర్గనైజేషన్ వలంటీర్లు కరుణాకర్, గాంధీ, మాదవి, రాజ్ కుమార్ తదితరులు ఉన్నారు.

IT'S LITERALLY FOR LITERACY

While speaking about the progress of Indian Literacy Project's Hyderabad Chapter, its founder offers a lot of insight into CSR and funding, as **Seema Rajpal** listens in carefully

For the Indian Literacy Project (ILP) Hyderabad Chapter, 2017 has been an eventful year of many firsts. With three projects executed successfully and another on the way, the founder of the chapter, **Mannohan Jain**, credits it all to the tremendous support that has poured in from volunteers and corporates.

And what's the mission of this project? To be a catalyst for 100 per cent literacy in India, of course! And to stay in line with this mission, the project's Hyderabad Chapter had introduced mobile libraries. They have already set up two and are planning to set up another one. These 'moving libraries' circulate around government schools and have made it possible for 1,100 children to access more than 6,000 books every week.

The other project that they are

SMILING FACES: Students who are a part of the ILP

low-cost science kits, which have 150 experiments and more.

They also conduct career counselling in schools of Nampally, Khairatabad, Shankarpalli, Rajendranagar and Gandipet mandals, covering 50 schools and impacting 5,000 children. Recently, they conducted an Arts Festival which saw participation from 4,000 children and are even planning a Science Fair on National Science Day, February 28, 2018. Phew! That's a lot of

to say — be patient. "It does require persistence and it is not necessary that you always get a response, but some networking really helps," states the 32-year-old. For example, he says, it is always better if you know someone who can introduce you to the CSR Head, instead of just cold calling them. "And mostly, the ones who handle CSR have other responsibilities as well," he explains, which could sometimes contribute to the delay but when it does come through, it's a sizeable grant.

Jain reasons that this tumultuous process probably enforces a certain discipline into their proposals and makes sure that due diligence is paid to them.

"And you know how corporates are, they love seeing metrics and statistics in proposals," he laughs cheekily. And it's not just the corporates, there are enthusiastic volunteers too who are taking ILP's mission forward. "There

Three-step process

ILP's Hyderabad Chapter goes about career-counselling in three stages. First is general awareness in a group, then interacting in a smaller group after identifying their interests, and finally, individually

Sweet tablet

The mobile libraries also carry low-cost tablets with educational content, accessible with WiFi

సైన్స్ పై అవగాహన పెంచుకోవాలి

చందిప్ప పాఠశాలలో సైన్స్ ఎగ్జిబిషన్

శంకర్ పల్లి: మండల పరిషత్ చందిప్ప ప్రభుత్వ పాఠశాలలో శుక్రవారం సైన్సు ఎగ్జిబిషన్ కార్యక్రమం నిర్వహించారు. పాఠశాలలోని 5, 6, 7 తరగతుల విద్యార్థులు వివిధ రకాల సైన్సు మోడల్స్ ను కయారు చేసి ప్రదర్శించారు. ఇండియన్ లిటరసీ ప్రాజెక్టు ఆర్గనైజేషన్ ప్రతినిధులు లలిత, వినయ మాట్లాడుతూ.. మానవుని నిత్యజీవితంలో ప్రతి పనిలో సైన్స్ అంతర్లీనంగా నిక్షిప్తమై ఉంటుందని అన్నారు. ప్రతి విద్యార్థి చిన్ననాటి నుంచే సైన్స్ పై అవగాహన పెంచుకోవడంలో పాపా పరిశీలన, పరిశోధనలను అలవాటుగా మార్చుకుంటే నూతన ఆవిష్కరణకు అవకాశం ఏర్పడుతుందని చెప్పారు. సైన్స్ ఎగ్జిబిషన్లో ఉత్తమ ప్రతిభ కనబరిచిన విద్యార్థులకు బహుమతులు అందజేశారు. మల్లీ డైమెన్షనల్ లెర్నింగ్ సెంట్రల్ భాగంగా పాఠశాలకు స్ట్రాట్ టీవీ అందజేశారు. కార్యక్రమంలో ప్రధానోపాధ్యాయుడు

విద్యార్థులకు బహుమతులు అందజేస్తున్న దృశ్యం వెంకటేశ్వర్ రావు, ఉపాధ్యాయులు లక్ష్మీకాంత్ రెడ్డి, సుధాకర్, నాగరాణి, రాజేష్, శిరీష, శంకరయ్య, వాలంటీర్లు కరుణాకర్, గాంధీ, మాదవి, రాజ్ కుమార్ తదితరులు పాల్గొన్నారు.

సంకేపల్లి ప్రాథమిక స్థూత పాఠశాలలో సైన్స్ ఫేర్

శంకర్ పల్లి రూరల్: విద్యార్థుల్లో దాగి ఉన్న ప్రతి భను వెలికితీసేందుకు సైన్స్ ఫేర్లు ఉపయోగపడుతాయని నగరంలోని ఇండియన్ లిటరసీ ప్రాజెక్ట్ ఆర్గనైజేషన్ ప్రతినిధులు లలిత, వినయ, నేహా అన్నారు. మంగళవారం మండలంలోని సంకేపల్లి ప్రాథమిక స్థూత పాఠశాలలో 5, 6, 7 తరగతుల విద్యార్థులు సైన్స్ ఫేర్ కార్యక్రమం నిర్వహించారు. విద్యార్థులు నిర్వహించిన పలు ప్రయోగాలను ప్రతినిధులు పరిశీలించారు. మల్లీ డైమెన్షనల్ లెర్నింగ్ సెంట్రల్ భాగంగా పాఠశాలకు స్ట్రాట్ టీవీని ఉచితంగా అందించారు. ఈ సందర్భంగా వారు మాట్లాడుతూ గ్రామీణ విద్యార్థుల విద్యాభివృద్ధి కనుమరుగై చూడటం సహకారాలను అందిస్తున్నామన్నారు. విద్యార్థులు బాగా చదివి ఉన్నత శిఖ

సైన్స్ టీవీ అందిస్తున్న ఇండియన్ లిటరసీ ప్రాజెక్ట్ ఆర్గనైజేషన్ ప్రతినిధులు సైన్స్ ఫేర్లో పాల్గొన్న విద్యార్థులు

ప్రభుత్వ పాఠశాలలకు టీవీ అందజేత

గోపులారం పాఠశాలలో స్ట్రాట్ టీవీని అందిస్తున్న ఇండియన్ లిటరసీ ప్రాజెక్ట్ ఆర్గనైజేషన్ ప్రతినిధులు

శంకర్ పల్లి రూరల్ : ప్రభుత్వ పాఠశాలల అభివృద్ధికి దాతలు చేయూతను అందించడం ఎంతో సంతోషకరమని మోకిల, గోపులారం, బుల్కాపురం ప్రాథమిక స్థూత పాఠశాలల ప్రధానోపాధ్యాయులు రఘునందన్ రెడ్డి, అంజయ్య, జయమేరి అన్నారు. జాతీయ సైన్స్ దినోత్సవం సందర్భంగా బుద్ధవారం మండలంలోని మోకిల, గోపులారం, బుల్కాపురం ప్రాథమిక స్థూత పాఠశాలల్లో 5, 6, 7వ తరగతి విద్యార్థులు సైన్స్ ఫేర్ కార్యక్రమాలు నిర్వహించారు. పాఠశాలల్లో విద్యార్థులు పలు ప్రయోగాలను నిర్వహించారు. మల్లీ డైమెన్షనల్ లెర్నింగ్ సెంట్రల్ కార్యక్రమంలో భాగంగా నగరంలోని ఇండియన్ లిటరసీ ప్రాజెక్ట్ ఆర్గనైజేషన్ ప్రతినిధులు లలిత, వినయ, నేహాలు పాఠశాలలకు స్ట్రాట్ టీవీని అందించారు. ప్రభుత్వ పాఠశాలలకు దాత అందిస్తున్న సహకారాలను సద్వినియోగం చేసుకోవాలని సూచించారు. కార్యక్రమంలో బుల్కాపురం సర్పంచ్ లక్ష్మమ్మ, ఇండియన్ లిటరసీ ప్రాజెక్ట్ ఆర్గనైజేషన్ ప్రతినిధులు లలిత, వినయ, నేహాలు, మాదవి, కరుణాకర్, ఉపాధ్యాయులు శ్రీనివాసరాజు, ఆశీ రాధం, పద్మ లక్ష్మి విద్యార్థులు పాల్గొన్నారు.

రాలను అభివృద్ధి చేయాలన్నారు. పాఠశాలలో సైన్స్ ఫేర్ నిర్వహించడం వల్ల విద్యార్థులు తమ ప్రతిభను అభివృద్ధి చేసుకోవచ్చునని అన్నారు. ఇటువంటి కార్యక్రమాలపై విద్యార్థుల్లో నూతనోత్సాహం పెంపొందుతుందన్నారు. కార్యక్రమంలో ఉపాధ్యాయులు మల్లీకార్జున్, కృష్ణ, మహాేశ్ పాల్గొన్నారు.

OPERATIONAL AND FINANCIAL UPDATES

2017-18

ANNUAL BENEFIT DINNER EVENT 2017-18

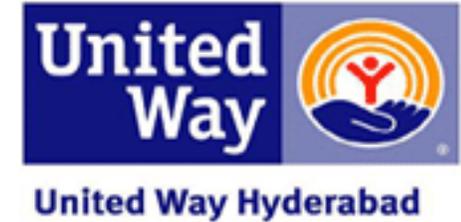

As part of fundraising we have organised benefit dinner events in each chapters.

Hyderabad on 29th July, 2017 at Sheraton

Bangalore on 18th November 2017 at Royal Orchid

Chennai on 17th Feb, 2018 at Hotel Savera

ILP would like to take this opportunity to sincerely thank all the individual donors and corporates whose whole-hearted support helped us to successfully take up our mission. Support was not just financial, but also through the time they spent.

ACCOUNTABILITY AND TRANSPARENCY

No remuneration, sitting fees, or any other form of compensation has been paid since the inception of ILP to any Board member or Trustee.
